

Build a business that moves people.

Join the sales partner network for Speediance and VeloNix — the smart all-in-one gym systems transforming workplace wellbeing. High commissions. Premium kit. A market that's already asking for it.

Why this sells itself

Gym in under 1 m²

A complete workout on-site no commute, no excuses.

Equipment people actually use

No travel time means far higher usage than a gym membership.

Fewer sick days

Healthier staff means lower absenteeism and a more resilient team.

Sharper minds, better output

Regular exercise boosts energy, focus and daily performance.

Real employer brand value

Attract and retain top talent with a benefit that stands out.

Saves time — train at work

A quick session during the day. No journey, no planning.

Strength, cardio and functional-one machine

No full gym fit-out needed. One unit does the work of many.

AI-guided - no PT needed

Built-in coaching means anyone can train from day one.

800+ Workouts

Endless variety across every goal and fitness level.

Plug & play - up in minutes

No specialist installation. No disruption. No fuss.

Leasing = low barrier

No large upfront cost an easy yes for any business.

Fits any workplace

Office, warehouse, hotel or residential it goes anywhere.

Visible daily benefit

Unlike a subsidy, staff see and use this every single day.

Leasing + tax advantages

Compares favourably to often unused gym memberships

Team building / culture

Not just individual strengthens company cohesion

This is an investment in performance, not a cost. www.smartgym.nu
